AMERICA'S SHINGLE IS YOUR HERITAGE.

We are proud of our Heritage — More than 75 years of U.S. manufacturing, family-owned, founded in the heartland of America. With a long history of vertical integration to control the quality of our raw materials, at TAMKO, we think better materials make better shingles. And it's not just an advanced proprietary mix of fiberglass mat, asphalt and ceramic granules that go into our shingles – our support for veterans, first responders, our communities and our employees means you can feel good about choosing a TAMKO® Heritage® shingle — America's Shingle®.

AMERICA'S SHINGLE®

TAMKO HAS THE BEST SHINGLE COLORS BECAUSE WE DO THINGS DIFFERENTLY.

Proprietary blends and color drops create vibrant color and more natural shadowtones.

SHINGLE COLOR SELECTION TIPS

For more information on shingle color selection tips and available colors by zip code, visit tamko.com

START YOUR COLOR SEARCH WITH BROCHURES & VISUALIZATION PROGRAMS.

The printed colors you see in any brochure or digital visualization program are only as accurate as current printing and digital technology allows.

VIEW AN ACTUAL ROOF INSTALLATION.

Shingles may look different installed on a roof compared to viewing only one shingle. Also, shingle colors can appear differently during different times of day, in different amounts of sunlight (full, partial, etc.).

VIEW ACTUAL SHINGLES.

Viewing actual shingles is the only way to see all the nuances in color that will be represented on your roof once the project is complete.

CHECK YOUR SHINGLES BEFORE INSTALLATION.

TAMKO is not responsible for color claims where the wrong color is installed on a roof. It is better to be safe and perform a final in-person check of the shingles to confirm product and color before they are installed.
